An occurrence of COVID-19 infected person incident

On July 21, it was confirmed that one temporary employee working at the Company’s Headquarter building (Sumitomo Fudosan Iidabashi Building, 3-21, Koraku 2-chome, Bunkyo-ku, Tokyo) contracted COVID-19.

This temporary employee is in charge of work in the office, but since April of this year, has continued to work remotely from home and has not had contact with customers, business partners or our employees.

In order to prevent the spread of infection, we will work alongside the public health center in charge of this case and respond appropriately.

Going forward, we will continue to cooperate with relevant organizations and make every effort to maintain service capabilities for our customers, while giving top priority in preventing the spread of infection inside and outside the Company, as well as ensuring the safety of employees.

We sincerely thank you for your kind understanding.
