**MISUMI Group Inc.**

## **An occurrence of COVID-19 infected person incident**

On August 22, it was confirmed that an employee based at the Company's Headquarter building (Iidabashi First Tower, 6-1, Koraku 2-chome, Bunkyo-ku, Tokyo) contracted COVID-19.

This employee is in charge of work in the office, but since March of this year, has been utilizing an internal leave of absence system and has not had any contact with customers, business partners and the Company's employees.

In order to respond to this incident and prevent the spread of infection, we will work alongside the public health center in charge of this case and take appropriate measures.

Going forward, we will continue to cooperate with relevant organizations and make every effort to maintain our service capabilities for our customers, while giving maximum priority in preventing the spread of infection inside and outside the Company, as well as ensuring the safety of employees.

We sincerely thank you for your kind understanding.
