

**meviy, an AI-based parts procurement platform,
Extends “Economy Shipping Service” to Sheet Metal Welding**

- Select Economy Shipping option (ship after 20 days) and save 30% for the same quality -

As of April 15, 2024, meviy, an AI-based parts procurement platform powered by MISUMI Group Inc. (Headquarters: Chiyoda-ku, Tokyo, Japan; Representative Director and President: Ryusei Ono), will extend its "Economy Shipping Service" available for sheet metal welding, offering a 30% discount with no change in quality to customers who choose a long lead time (shipping after 20 days from order). This service expansion at meviy enables us to meet more diverse needs by providing high-quality parts at even lower prices for sheet metal welding.

We will continue to provide time value to our global customers in the IA (Industrial Automation) industry through expanding our services and contribute to enhancing their productivity.

■ Background

To meet the various needs of customers for planned production, meviy has been offering the "Economy Shipping Service"^{*1} for some of its services since July 2022. Now, this option has been added to the sheet metal welding which has been a widely used service since its launch in November 2023^{*2}.

Since the launch of the sheet metal welding service, we have received many customer requests for the Economy Shipping Service option, as welded parts are often procured on a planned basis with a relatively flexible lead time. This time, by improving and streamlining our production system, we have succeeded in establishing a system where products that are not in a rush for delivery can be manufactured in batches, thereby reducing manufacturing costs and finally making our Economy Shipping Service available in the sheet metal welding service.

Product example 2: Sheet metal switch box

▼ Table: Economy Shipping Service for sheet metal welding

Material: Iron-based	Surface Treatment	Standard Lead Time	Long Lead Time
SPCC/SPHC SS400	—	Day 6+	Day 20+
	Powder coating	Day 9+	N.A.
	Solvent coating		
	Electroless nickel plating	Day 8+	Day 25+
	Iron tetroxide film		
	Trivalent chromate (white)		
Trivalent chromate (black)			
SECC (Electrogalvanized steel sheet)	Electrogalvanization	Day 6+	Day 20+
Material: Stainless steel type	Finishing Method	Standard lead time	Long lead time
SUS304	2B	Day 6+	Day 20+
	#400 one-sided polishing		N.A.
SUS430	2B		
Material: Aluminum	Surface Treatment	Standard lead time	Long lead time
A5052	—	Day 6+	Day 20+
	Alumite (white)	Day 8+	Day 25+
	Alumite (black)		
	Alumite (matte black)		

For details on the products subject to this option and the shipping date of welded parts, please refer to the link below.

*Depending on the processing conditions (e.g. FR bending, etc.), an additional day may be added to the shipping date.

*When "Economy Shipping Long Lead Time" is selected, "-L" is added to the end of the model number.

■ How to Select the Lead Time (meviy User Screen)

You can select the desired delivery date from the delivery date options after the terms of the quotation have been finalized.

Step 1

Click "Confirm the quotation conditions".

Step 2

A list of delivery date are now displayed, and a lead time option can be selected. Standard Shipping are selected as a default.

Step 3

Select the economy shipping model number with "-L" at the end. Add to cart and order through WOS.

■ About meviy

With meviy, customers simply upload a 3D CAD model of a mechanical component, the AI automatically provides an instant quote, and our digital manufacturing system enables an order to be shipped in as little as one day.

meviy is a platform that eliminates perceived inefficiencies in parts procurement by reducing the time customers traditionally spend procuring mechanical components by more than 90%.

meviy received the Prime Minister's Prize at the Ninth Monodzukuri Nippon Grand Awards, achieved the No. 1 market share in Japan for three consecutive years, and is highly regarded for its contributions to improving productivity in the manufacturing industry. For our global customers, the range of services on each meviy website is expanding. meviy delivers "time value" to customers worldwide through digital transformation in component procurement.
