Notice Regarding the Establishment of CVC Fund

MISUMI Group Inc. (the "Company") hereby announces that, at a meeting of its Board of Directors held on September 17, 2026, it resolved to establish a corporate venture capital fund in the United States, MISUMI Venture Capital Fund I, LP (the “MVC Fund”), through an investment by its U.S. subsidiary, MISUMI Investment USA Corporation (“MIUC”). The MVC Fund will make strategic investments in promising startups within the next-generation manufacturing ecosystem, with a focus on frontier hardware, robotics, and industrial AI, as part of the MISUMI Group’s growth strategy to develop new business domains, as described below.

1. Reasons for Establishment
   The Company is establishing the MVC Fund with the objective of building early collaborative relationships with U.S. startups that demonstrate strong growth potential in the fields of robotics, aerospace (including eVTOL), advanced medical technology, clean energy, industrial automation, and industrial AI. Through these efforts, the Company aims to create synergies with its mechanical components sales, procurement services, and prototyping support services, achieve early expansion of its customer base in the U.S. market and revenue growth in its Americas business, and thereby contribute to the growth of the MISUMI Group's global operations and the enhancement of overall corporate value. The MVC Fund is established for the purpose of advancing these initiatives.
