-3.5%

FY25 1Q Sales Analysis (YoY)

Increase in sales volume was due to digital initiatives

Despite tariffs and Forex impact, slight decrease from the previous year, offset by sales volume increase

FY25 1Q Operating Income Analysis (YoY)

Profit increases from unique measures largely absorbed impact of tariffs, Forex and rise of procurement costs. Minimal rebound effect from previous year's product mix

Profits, before impact of M&A related costs, in line with plan, which included necessary expenditures to strengthen business foundation

FY2025 Consolidated Earnings Forecast

FX rates (vs Yen)	FY24	FY25	
	Actuals	Post 2Q	Full year FC
USD	152.5 yen	139.0 yen	140.9 yen
EUR	163.6 yen	160.0 yen	161.3 yen
RMB	21.1 yen	19.3 yen	19.6 yen

FY25 Full Year Forecast

Pre-consolidation sales improved due to lower than expected tariffs/ Forex impact
Furthermore, sales impact from the Fictiv consolidation; led to an upward revision

Operating income as planned, w/ increase expected from effects of unique measures
Impact of Fictiv acquisition likely to reduce post-consolidation profits

	+0.6%	+2.2%

FY25 Sales Analysis (YoY)

Sales increased on a Pre-Fictiv consolidation basis, as tariffs & Forex impact was smaller than initially planned

Further growth expected with the consolidation of Fictiv

FY25 Operating Income Analysis (YoY)

As with sales, Pre-Fictiv consolidated profitability increased due to improvements from the initial plan

Post-consolidated profits declined due to impact of Fictiv acquisition; profitability to remain in double digits

IFRS Voluntary Adoption

■ Purpose

Enhance the comparability of financial information in international capital markets

■ Content

MISUMI Group Inc. announces the voluntarily adoption of International Financial Reporting Standards (“IFRS”) in place of Japanese Generally Accepted Accounting Principles (“J-GAAP”) for MISUMI Group Inc.’s consolidated financial statements and related documents from the 4Q of the fiscal year ending March 31, 2028

■ Schedule for Adoption (Planned)

Earnings forecasts for the financial results for the fiscal year ending March 31, 2028, will be reported based on IFRS

Fictiv Business Performance/ Synergy Plans

Fictiv Business Performance

1H CY25 +33% growth despite market uncertainty, +35% expected for full year
Operating margins improve +15 pt in 1H; +13 pt for full year

Fictiv Standalone Financial Performance

1H24 vs. 1H25 (Jan~Jun)

Unit: Bn yen ※1
(USD M)

CY24 vs. CY25 (Jan~Dec)

Financial performances to be consolidate from Jul 25

※1: Calculated based on the exchange rate assumption of 1 USD = 139 JPY

※2: M&A related costs and goodwill amortization not included

Synergy Plans

【Phase 1: Accelerating Fictiv's growth by leveraging MISUMI resources】

Synergy① Lean Transformation

- Cost reduction through MISUMI factories & partner manufacturers
- Promotion of shared services between MISUMI-Fictiv
- Shared/joint procurement initiatives

Synergy② Cross-Selling

- Promoting strategic sales to MISUMI customers
 - Expand Fictiv sales opportunities to 320K MISUMI customers (35K in N. America)
 - Key points are brand awareness, credibility and customer accounts
 - Improved efficiency & shortened lead times for customer development & retention

— — — Aiming to achieve Fictiv standalone profitability, no later than FY27 . — — — .

【Phase 2: MISUMI and Fictiv Integrated Model】

Synergy③ Expansion of Business Domain

- Expansion of Fictiv's main domain (product development (prototyping, small-lot)) business
- Expansion of new domain as MISUMI utilizes Fictiv's business platform and leverage expertise
 - Approx. 7-fold as many product development designers as equipment designers
 - Shortened product development lead time to ensure quick delivery of parts and materials (KSF)

Product Development (Prototyping, Small-Lot) Business

Fictiv's main domain “**Product Development**” differs from MISUMI’s “**Equipment Manufacturing**”

Combining Fictiv's business foundation + MISUMI's strengths to fundamentally expand MISUMI's domain

Key to growth is “**Devices for corporations**” + “**industry business process innovation**”

Product Development (Prototyping, Small-Lot) Business Expansion Step

Parts & materials procurement in the product development burdensome for customers due to the high variety of products in small quantities

Fictiv + MISUMI join forces to **revolutionize inefficient industry processes**

Current Status / Outlook

MISUMI's Vision

Review of Capital Policy / Stock Buy-Back

Review of Capital Policy

Reduced capital requirements due to improved cash management which now includes China

<Capital Policy>

- Prioritizing growth investment from a medium- to long-term perspective to realize Growth Chain-reaction Aspired Management, with an emphasis on strong shareholder returns with a focus on overall balance
- Focus on improving capital efficiency and aim to expand equity spreads

<Cash Allocation>

- Flexibly allocating cash on hand and future cash flows, including the use of leverage, to growth investments, such as M&A, and purchasing shares based on price and other circumstances
- Due to progress in cash management, required funds for BCP and other needs were revised from 100 billion yen to 70 billion yen

Stock Buy-Back

Based on the current situation and share price, Company to repurchase an equivalent of 25.0 billion yen of shares

The Company has resolved as follows:

- Maximum purchase amount : 25.0 Bn yen
- Maximum number of shares to be purchased : 17 M Shares
- Purchase period : August 1st, 2025～ March 31st, 2026

Reference materials

Capital Investment Performance

FY25: In addition to the IT infrastructure, additional investments are planned for digital initiatives such as meviy

A Revolution in Parts Procurement: meviy

- Simply upload 3D data of machine parts and the AI will automatically and instantly provide a quote, and our unique platform enables shipping in as little as one day using a digital manufacturing system (available for free)

Example: Parts procurement for equipment with 1,500 components

Product Range Reform: Economy Products

- Newly introduced, competitively priced mid-range product line from China

Improving Response to Quantity: D-JIT

A unique system is now in place that allows us to respond to our customers' needs, even for high-volume orders with short lead times

From “**MISUMI for small-lot, quick delivery**” to “**MISUMI for bulk, too**”, which will be rolled out globally from Japan

Approx. 50 bln yen MISUMI inventory → Approx. 400 bln yen virtual inventory

The 4th Digital MODEL Shift: flow

Total cost reduction for manufacturing components that tailors the purchasing of manufacturing components according to a customer's purchasing pattern

To expand from existing equipment manufacturing customers to new mass production factory customers across different industries

Business Foundation

IT

- Our Company has made a proactive investment in IT to promote sustainable growth
- Starting in fiscal year 2021, we began a comprehensive overhaul of the core systems
- We aim to triple the rate of new feature development while reducing development costs by two-thirds

Production/ Logistics

- Aiming for a more stable supply of products by strengthening the globally reliable, quick delivery system
